Roberta,

I can remember when we were freshman and I thought that it would take forever to become a Senior. But here we are and it went pretty fast. We had some crazy times when we were single but there are more times when we were married. Maybe for Baccalaureate and Graduation night we can get crazy like in our freshman days. Good luck with whatever you do out of life and take care.

Roberta, 5/21/83

Well here's to one of my very best friend i really shouldn't say one because your probably really the only one. We've been next door neighbors since we were just small little things and we've grown to be the best of friends, it sure seems so long ago that we use to always play at my house, remember playing barbies and blind mans bluff, and making veronica cry and anna babying her all the time. And oh ya remember playing restuarant at my house and all those crazy recipes. I guess you could say that we've come a long way from being just kids now were growing up like you said and growing wiser to at least i hope we are. Time sure has flown by alot faster than i thought it would but we did enjoy alot of good times together and there were some bad times to but no matter what problems life threw at us we managed to get through them all, but i'm afraid their not over yet theres bond to be made coming in our life and when they do you know i'll be here if you ever need me, and i know i'll need you, because i already do. We've been friends ever since i can remember and me waiting for you at the bus stop, theres just so many things i could write about but i'd be here all night so i guess i'll have to cut everything down. Your four years went by before we knew it and we didn't really do very much but i guess that was because of the guys but don't worry we still have time to live it up. and you know what i just might take you up on that offer about going to Tucson especially because it'll probably be pretty boring here and i bet we could have a good time checking out the malls and wasting alot of money. Well to bad you never sent in your application for asu we could of had a hell of a good time down there messing around. I can't believe your already graduating well you've worked hard and i'm proud of you and i'm glad that you haven't messed up yet keep up the good work and you better do just as good if you go to college, and if you don't go this year well like you said you can wait for me and we'll both go to Tucson, just like we use to plan to go live together when we were kids well maybe we can do all the plans we made.

Remember all those nicknames like goggie and maxy and shygirl i guess every body makes up names when their little. And i still got all these letters with magic and silent and what not you should see i got a great big box full of letters from you and all kinds of people, good friends forever. Ernie get married and we better stay wedding and when you them, thinking of that i can remember when i had to come help you take care of the their diapers. Remember at your aunt's house on the fourth of July when we babysitted. Well there's so much to remember and i don't think i'll every forget all the things we did together and i hope you don't either. Well Take Care Kid & may God Bless You always and watch over you. I just want to tell you i'm glad i have someone as special as you as a friend. Good luck!

Memories of yesterday will always
Be with us
We have shared, cared, and grown up
together
In doing this we have been brought
closer together
Soon we will be going our separate ways
Looking forward into the future
Keeping our memories forever.

The 1982 Football Season was a troubled time for the Superior J.V. Team. The team was composed of mostly Freshmen with Sophomores, David Alvarado, Mariano Armijo, Lou Torres and Shawn Lyons, adding their experience. The size of the squad was a problem from the beginning of the season. The problem grew until the last 2 games of the season had to be canceled becasue we did not have enough players to field a team. The J.V. then became part of Varsity and played the Phoenix Indians.

V.I.P.'s

WE, the *Prospector Staff* of the 1983 Yearbook would like to thank everyone for their cooperation and support during this trying and difficult year. We, like previous staffs in other years, once more caught the spirit, fun, blood, sweat, and tears of another year of students being able to see themselves in "MEMORIES OF SUPERIOR HIGH SCHOOL."

"We the members of the Prospector staff would really like to give our special thanks to Mrs. Eldridge for involving all of her time and effort into making this book. If it wasn't for her and all her patience this book would not have been possible. Due to lack of time there was no dedication, but deep inside this book belongs to Mrs. Eldridge."

Special THANKS GO to our Advisor, *Ms. Eldridge.* Your helping hand went a long way! ALSO, to our Principal, *Mr. Bauer,* and the *Governing Board of Education.*

TO MEMBERS of the PROSPECTOR STAFF who really worked and STUCK IT OUT to the bitter end . . . THANKS . . . without them, this book would not have been published on time. WE FINALLY DID IT!!!

to a very close friend & best friend that Ive known ever since we were in the first grade. Well I can remember so many good-times that we've had together. Boy did we have lots of them! We've been friends for a long time without ever having an argument or a fight. Which is pretty good. I hope that we can keep it that way! Thanks for always being there when I needed you to talk to and cry my heart out! We had some good memories & I'm glad we shared them together as best friends. I wish you would decide to go to Nisa so we could get an apartment! Well once were 19 yrs old right away we have to hit the night clubs & become Bingo Freaks! Freaks! just like we're Atari & Pac Man Freaks! Pretty soon we'll have the Big Showdown in Aggravation! And maybe some day I'll beat you in Chinese Checkers! When we go to Big Sur we will have a Blast. We'll make the most out of our last days in Superior High School. (Pretty) soon in about 2 mths I'll be gone to the big city & you'll still be here. Boy am I going to miss you & your family! You better go down & stay with me once in awhile. I wont ever forget you in my whole life & I hope I dont get the chance to either because we better keep in touch! We have to get together & (party) before we graduate & get all tuscaroska! Maybe we'll have another slumber party like when we were Sophomores! That was so fun! Well my dear you better (dear) what you're going to do because time is going by pretty darn fast. Ya Bum! If you decide to go to College you better be careful & if you decide to marry Connie I wish you all the happiness in this world to offer! TAKE CARE!
